

supports Veterans Launching Ventures

September 13, 2010, Teaneck, NJ: Gateway Group One is a proud supporter and sponsor of the Veterans Launching Ventures program, an initiative by the Fairleigh Dickinson University's (FDU) nationally ranked Rothman Institute of Entrepreneurship. The Veterans Launching Ventures program provides skills and support for Veterans to seize entrepreneurial opportunities and launch small businesses and nonprofits that will help them achieve personal success. This unique program combines in-person instruction with online education to teach students the fundamentals of starting a new venture and ensure the development of competencies in the many steps and activities associated with creating and sustaining a new business or nonprofit organization. The program is open to all veterans with the tuition fee of \$1,995 being waived due to generous support from Gateway Group One as well as Novo Nordisk, Provident Bank, Millennium Radio NJ 101.5, and the Silberman College of Business.
